DEMENTIA AND FAITH NETWORK

In South Yorkshire there are fantastic examples of ministry for people with dementia, alongside many churches who would like support and guidance to think about how they may start to become more dementia friendly. The St Peter's College Dementia & Faith Network is an ecumenical group, open to everyone with an interest in dementia and faith.

There are many things that churches can do to

support those affected by dementia and we can all learn from one another. Our vision is that this network can become a way of linking people together, sharing wisdom from one another in this important area of ministry. For more info and to download resources see <https://www.stpeterscollege.org.uk/dementia-care> or contact Dr Gemma Graham (gemma.graham5@hotmail.com).
